

SQL Server Database Programmer

Informa Economics is seeking a mid-level SQL Server Database Programmer for a permanent position in our Memphis office. Tasks include but not limited to:

- Supporting existing data processes in MSSQL
- Fulfill analyst's requests for data queries and data processes to support the business needs
- Create and maintain data processes for web applications
- Create and maintain database queries, stored procedures and backend processes to support web development
- Analyze and develop processes in SQL to support custom multi-tier web applications, portals and internal data requests.
- Supporting and creating Excel macros for the business analysts and assistants
- Managing SQL Maintenance plans and SQL backups
- Create and maintain documentation on SQL processes.

Strong written and oral communication is important in order to complete analysis and requirements that are turned into functional applications. The individual should be able to multitask and prioritize daily activity to fulfill requests in a timely manner. This person should also be self-motivated and have strong organizational skills that support customers and be a part of our positive collaborative team environment.

Requirements:

- Strong attention to detail.
- Strong oral and written skills.
- At least three years of experience with SQL Server 2005+.
- Four year college degree desired.
- Experience with relational database design and development.
- Demonstrable knowledge and experience building stored procedures, queries and import processes.
- Experience writing and updating process documentation.
- Experience working in small teams on critical projects for large-scale clients.
- Must be willing to work in a Microsoft-centric environment and learn new and legacy technologies quickly.
- Ability to quickly learn and master new concepts and techniques.
- Ability to learn independently, leveraging existing code and documentation.
- Highly developed deductive reasoning skills with ability to troubleshoot & resolve development issues

Benefits:

Health Insurance, Dental Insurance, Vision Insurance, Paid Vacation

Salary: commensurate with experience.
